These Council dates are accurate as of 7/3/06 but are subject to change. We will make every effort NOT to change these dates so that you may be better able to plan your Scouting Year. However, if a date or location changes, we will immediately notify everyone through LeVoyageur, Web page, and through Roundtables.

The Council Training Committee STRONGLY encourages all adults in the French Creek Council to attend their regular local monthly Roundtable meeting as often as possible because important information with regard to French Creek Council activities, events and training opportunities is discussed there. We also encourage you to attend Roundtables to provide a better quality program for the Scouts in your Unit.
